2010-2011 SES Provider Application Questions and Answers #3 *January 8, 2010*

Question #1

Pursuant to providing 25-30 hours of contact tutoring hours, is it possible to know on an average the per pupil allocation for SES in Ft. Wayne and Indianapolis?

Answer #1

The Per Pupil Expenditure (PPE) amount is the maximum amount a district can spend per SES student using its Choice/SES funds. The PPEs for the 2009-2010 school year may be found by clicking here http://www.doe.in.gov/TitleI/pdf/ses_ppe.xls. However, it is very important to note that the PPEs for each district change (i.e. increase or decrease) every school year. Therefore, it is not possible to predict what the PPEs for the 2010-2011 school year will be. PPEs are calculated in the fall of each school year. PPEs for the 2010-2011 school year will not be available until approximately September 2010.

Question #2

Is there a list of already-established curriculums for a school system that is applying to be a provider to choose from for the SES Provider Application or can we choose a curriculum that best fits our school system's needs?

Answer #2

Applicants must select their own curriculum as IDOE cannot endorse or recommend a specific curriculum to applicants. Applicants should select a curriculum that will best meet the academic needs of the students they intend to serve.

Question #3

When applying, can a prospective provider corporation apply under an assumed business name or dba?

Example: The actual corporation as well as EIN would be identified as "ZZZZ Corporation"; however the business name used for tutoring would be listed as "YYY Tutoring"?

In follow-up to this question, in reference to Part One section I, "Provider Name", would the company be listed as ZZZZ corporation or YYY Tutoring?

This would be relative to companies with multiple programs attempting to offer clarity between those programs.

Answer #3

Yes, an applicant can apply under an assumed business name or dba as long as the applicant includes the appropriate legal and or formal business documentation requested in Part Three Section 3 (Question #1) of the application. These documents should provide verification of the applicant's assumed business name or dba name.

If an applicant has legal or formal business documentation regarding its assumed business name or dba name, the applicant would list the actual corporation name followed by something along the lines of "also operating under assumed business name of: YYY Tutoring" or "dba YYY Tutoring" in Part One Section I of the application for "Provider Name".
